

**Dedicated Senior
Medical Center**
A CHENMED COMPANY

“I want to be there for my patients in time of need, and I want them to know that I truly appreciate that they would entrust their care to me.”

About Stephen P. Nicholas, MD, MBA

Dr. Stephen P. Nicholas loves helping people reach the healthiest versions of themselves. He finds satisfaction in getting to know his patients and emphasizes the importance of listening to their concerns. “I want to be there for them in time of need, and I want them to know that I truly appreciate that they would entrust their care to me,” he adds. Dr. Nicholas enjoys helping the seniors at Dedicated Senior Medical Center “optimize their health.” An advocate of lifelong learning, he constantly studies, reads, and attends medical meetings.

Outside of work, Dr. Nicholas likes gardening, swimming, and watching movies. He has a wife, three children, and five grandsons and hopes to one day visit Japan, Australia, and New Zealand.
