About Dawn Wright, NP-C, ANP, GNP

Dawn was inspired by her mother to pursue a career as a nurse and later as a nurse practitioner. “I want to make a difference in the lives around me,” she explains. She loves building connections with patients and watching them “grow and improve their health.” When she can, she likes using humor in her practice. “No one wants to go to a primary care provider that is always grumpy,” she says. Dawn loves listening to everyone’s stories and enjoys learning from the wisdom of her senior patients. “I have a special place in my heart for the elderly population,” she says.

When not with patients, Dawn can be found spending time with her family. She also loves baking and recently starting growing Orchids.
