“It’s not just our ability to heal diseases or ease pain and suffering but the time we set apart to listen and create relationships with people.”

About Elizabeth Ramirez, DO

At a young age, Dr. Elizabeth Ramirez decided to dedicate her life to preventative care. “What better way to live than in the service of others, helping them find the healthiest version of themselves, and in the process, helping them live their best lives?” she asks. Dr. Ramirez finds it “both humbling and rewarding” to guide patients through their health journey. She explains, “It’s not just our ability to heal diseases or ease pain and suffering but the time we set apart to listen and create relationships with people.” She adds, “In this lifetime, we only get one body; it is truly a precious gift.”

In her free time, Dr. Ramirez loves getting lost in nature, especially sunsets and sunrises. She also enjoys beach volleyball.
