Jyothi Puram, MD, FACP

"They are not just a number, and once they are my patients, they are family."

About Jyothi Puram, MD, FACP

Dr. Jyothi Puram knew at an early age that she wanted to relieve suffering, cure diseases, and help people. Taking care of patients is her favorite part of her profession. "They are not just a number, and once they are my patients, they are family," she says. She enjoys getting to know her patients beyond their health concerns. Dr. Puram strives to work with patients to "come up with solutions together." If she could change anything about healthcare today, she would place more emphasis on preventative care and promoting healthy living.

When not caring for patients, Dr. Puram can be found practicing yoga. She enjoys solitude and time for contemplation. She also likes traveling, exercising, and reading.
