#### **About Shilpa Sannapaneni, MD**

Becoming a physician was one of Dr. Shilpa Sannapaneni’s childhood dreams. “I love taking care of people. It gives me immense satisfaction to treat patients,” she says. Her favorite part of working in healthcare is the opportunity “to take care of people from various backgrounds.” She loves honoring seniors and providing them with “affordable VIP care.” She adds, “I truly believe this is the only profession for me.” To keep up with the ever-evolving world of medicine, she actively participates in research and reads the latest medical literature.

When she is not caring for patients, Dr. Sannapaneni enjoys cooking, traveling, and spending time with family. She also likes meditating, dancing, and practicing yoga.
