**“The opportunity to make a positive impact on their well-being, offer comfort in times of need, and be a source of support during the later stages of life is what truly motivates me.”**

### About Kyle Rauch, MD

Dr. Kyle Rauch is passionate about helping seniors live fulfilling lives.

“The opportunity to make a positive impact on their well-being, offer comfort in times of need, and be a source of support during the later stages of life is what truly motivates me,” he says. Active listening, empathy, respect, and accessibility are a few of the many values he upholds in his practice. He likes developing individualized care plans. He explains, “I aim to create a strong bond with my patients, ensuring they feel valued, understood, and well-supported.”

In his free time, Dr. Rauch prioritizes “self-care, professional development, and spending quality time with loved ones.” He also enjoys reading and collecting Pokemon memorabilia.
