“She loves advocating for her patients and helping to fight for a better quality of life for them.”

About Consuelo Feliz Mendez, MD

Dr. Consuelo Feliz Mendez always knew she wanted to care for others. She explains that that working with the senior population “is a passion” she has “had since childhood.” Her favorite part of her profession is talking with patients and getting to know them beyond only a doctor-patient relationship. She wants patients to know they can trust her. She loves advocating for her patients and helping to “fight for a better quality of life for them.” She strives to listen to them, learn from them, and answer all their questions.

When not caring for patients, Dr. Feliz Mendez can be found spending time with her husband and two kids. She also enjoys going to the beach, singing karaoke with her family, and traveling to new places.
